# WE COMBINE TECHNOLOGICAL LEADERSHIP WITH EXECUTION EXCELLENCE

## SEIZING GREAT OPPORTUNITIES FOR A LOW-CARBON WORLD

As the global population continues to grow, **three driving forces** are shaping the world, leading a pragmatic transition in how resources are produced, transformed, and delivered.

### **NEXTCHEM**

**We enable**  
energy transition  
through low-carbon  
and circular  
technologies

### **TECNIMONT**

**We deliver**  
superior execution  
track record in  
the downstream  
segment

### **MET DEVELOPMENT**

**We pursue** business  
opportunities through  
our expertise in securing  
financing, permits & grants,  
and industrial partnerships

We are in the midst of a great transformation. A time of great tension and unprecedented challenges facing society, industries, and the planet.

Goals have been set and visionaries have taken the stage, but what we really need now more than ever, is action.

By those ready to take the matters of today into their own hands and take the first step towards the future.

Those ready to make things better now and inspire themselves and the others to keep making better things for tomorrow.

**WE ARE HOME  
TO ALL THOSE WHO  
MAKE TO INSPIRE.**
