

MAIRE ANNOUNCES AWARDS FOR AN OVERALL VALUE OF APPROXIMATELY €900 MILLION

Milan, 29 April 2025 – **MAIRE (MAIRE.MI)** announces that its subsidiaries TECNIMONT and KT-Kinetics Technology – also thanks to the technological and engineering services provided by NEXTCHEM – have been granted additional works of previously announced orders and new awards for a total amount of approximately **€900 million** for engineering, procurement and construction activities related to petrochemical infrastructures and high-value added engineering services for green hydrogen facilities.

These awards have been granted by prominent international clients in Central Asia and Southern Europe, further enhancing the geographical diversification of MAIRE's backlog while strengthening its footprint in strategic areas, driven by the Group's undisputed execution capabilities.

Further details will be provided upon completion of certain formalities currently being finalized between the involved parties.

MAIRE S.p.A. is a leading technology and engineering group focused on advancing the Energy Transition. We provide Integrated E&C Solutions for the downstream market and Sustainable Technology Solutions through three business lines: Sustainable Fertilizers, Low-Carbon Energy Vectors, and Circular Solutions. With operations across 50 countries, MAIRE employs over 9,800 people, supported by around 50,000 professionals involved in its project worldwide. MAIRE is listed on the Milan Stock Exchange (ticker "**MAIRE**"). For further information: www.groupmaire.com.
