

TECNIMONT (MAIRE) AWARDED A FRONT-END-ENGINEERING DESIGN CONTRACT FOR A PETROCHEMICAL PROJECT IN ASIA

- **The contract relates to Front-End-Engineering Design and Open Book Cost Estimation activities for a petrochemical project in Asia**
- **The award further strengthens MAIRE's positioning in the petrochemical segment**

Milan, 17 September 2026 – **MAIRE (MAIRE.MI)** announces that **Tecnimont** has been awarded a Front-End-Engineering Design (FEED) and Open Book Cost Estimation (OBCE) contract for a petrochemical project located in Asia.

The scope of work includes the development of the engineering design package, the definition of the key technical requirements and the cost estimation for the project, supporting the client in the subsequent phases of development.

The FEED activities are expected to be completed in early 2028 when the contract is expected to roll over into an EPC project, subject to the client's Final Investment Decision.

Alessandro Bernini, CEO of MAIRE, commented: "This award further demonstrates our ability to support leading industrial players from the earliest stages of complex projects. Through our engineering expertise and technological know-how, we continue to contribute to the evolution of petrochemical infrastructures".

MAIRE S.p.A. is a leading engineering group providing technology solutions and project execution in the downstream segment of energy services, as well as in the chemicals and fertilizers industries. The Group operates through two business units: Integrated E&C Solutions and Sustainable Technology Solutions, the latter active in sustainable fertilizers, low carbon energy vectors, and innovative materials and circular solutions. With operations in around 50 countries, MAIRE employs more than 11,300 people. MAIRE is listed on the Milan Stock Exchange (ticker "MAIRE"). For further information: www.groupmaire.com.
